- 4. From this list you can either scroll through the events page by page or use the filter boxes to the left of the table to narrow down your search.
- 5. This view currently only shows basic information about the event whereas the view on the main CTT site can give additional information, if supplied by the club, by clicking on the + against each event listing.

I will approach the CTT website builder to see if the same level of detail can be made available on the district site.
