

## THE VTТА ZWIFT LEAGUE - STARTING SOON

We recently requested ideas on how we could offer our members more - well you asked and we're going to deliver. 'More Zwift racing' was something people wanted, especially at this time of year.

Starting Tuesday 9th January there will be an 8-week indoor time trial league on Zwift for VTТА members (anyone can race, but they won't be in the league, which will be determined on VTТА Age Adjusted Times). Start time will be 7:00pm GMT and you will be racing 10 miles. To enable results processing you need to make a small tweak to your Zwiftpower profile to add 'VTТА 9999' after your name, where 9999 is your VTТА number. You can find it in your profile: <https://vtta.org.uk/profile> You need to be registered on Zwiftpower, which is free <https://support.zwift.com/.../connecting-to-zwiftpower...>. Simply click in blue box top right, ZwiftPower profile, Settings, add VTТА and your number then click update.

We ran a one-off trial event on 29th May 2023 and had a good turnout of riders from around the country with Groups represented including Scotland, Yorkshire, North, Manchester & NW, Midlands, West, Kent, East Anglian and East Midlands. The full result on Age Adjusted Times with the website report can be found here <https://www.vtta.org.uk/.../722-national-vtta-10-mile-tt...> Here are some comments from that event:

*"Excellent event and would welcome a series during winter."*

*"Thanks for putting the event on. I think they are a great addition. Maybe a VTТА TT series over the winter would keep us all going through the darker months. However you choose to organise them going forward, I definitely think they add to the overall VTТА offer rather than replacing anything. Thanks again."*

*"Smashing event, loved it."*

*"Looking forward to future events. Enjoyed taking part in this one, even though my pain cave was a rather hot 27C."*
